### What the day includes

This one day course covers the essential information to enable a GP, plus some dermatology nurse practitioners to cope with the vast majority of conditions encountered in day to day general practice.

- Up to 25% of all GP consultations relate to the skin
- In collaboration with the Consultant Dermatologist, GPs will be increasingly involved in the disease management of chronic skin conditions
- Dermatology is an area of medicine that is facing major changes from secondary to primary care
- The majority of GPs have little or no training in dermatology
- Hospital referral rates for dermatology are consistently high

### The course is suitable for

This course is aimed at GPs and VTS registrars primarily but would also be appropriate for specialist nurses involved in skin care. Indeed anyone involved in examining and advising patients about their skin lesions would bene-

fit.

### Programme

8.30am	Registration & Coffee
9.00am	Welcome & Introduction
9.10am	The Child with Atopic Eczema
10.10am	The Patient with the Facial Rash
10.55am	Morning Coffee
11.25am	New Patient with Psoriasis
12.20pm	Lunch
1.05pm	The Itchy Older Patient
1.55pm	Lesion Recognition
2.50pm	Afternoon Tea
3.10pm	Quiz
4.15pm	Closing Remarks

### Comments

"This is the best course I have attended for a long time!"  
"I would recommend this course to my colleagues!"  
"A very important course"

### CPD

Approved 5 CPD points  
Certificate of attendance for all delegates.

### Why choose RCGP?

The RCGP is the professional membership body for General Practitioners in the UK and overseas. We are committed to improving patient care, clinical standards and GP training.

### Notes

Directions to the venue can be found at this [course's webpage](#). Lunch, refreshments and parking are included with this event.
